The Active Citizens Fund in Greece is supported through a € 12m grant from Iceland, Liechtenstein and Norway as part of the EEA Grants 2014 - 2021. The program aims to develop the sustainability and capacity of the civil society sector in Greece, and to strengthen its role in promoting and safeguarding democratic procedures, active citizenship and human rights. The Fund Operator for the Active Citizens Fund in Greece is Bodossaki Foundation in consortium with SolidarityNow.

Advocacy is an internationally acclaimed tool for Civil Society, in its efforts to bring institutionc important social problems. In Greece, especially in the periphery, advocacy activities are either efficiency, with exceptions in human rights, environmental or social welfare issues.

This is attributed to 2 factors:

- Firstly, non-profit organizations (NPOs) in Greece lack knowledge and expertise regarding ad methodology and tools, in order to design and implement effective relevant activities
